

Forex Symbol «#AIG» or «American International Group»

AIG - American International Group, Inc. AIG is the largest insurance company of the United States of America. The company was founded in the early 20th century in Shanghai. Later the company began to work around the world.

AIG is a leader in various areas of insurance: insurance of real estate, life insurance, etc. In addition, the company has been providing financial management services for clients' funds. Through its subsidiaries, AIG engaged in aircraft leasing and mortgage insurance. The company owns other large assets in other areas.

On AIG work more than 90,000 employees who serve more than 50 million customers worldwide.

During the 2008 financial crisis, the company has experienced very great difficulties, due to loss of much of their capital. However, the company avoided bankruptcy thanks to help from the multibillion-dollar U.S. government, which considered it very important that company in maintaining the stability of the financial system.

To date, AIG maintains leading positions in commercial and industrial insurance in the U.S. and worldwide. In addition, the company has the highest credit rating assigned to it the largest credit rating agencies "Moody's" and "Standard & Poor's".

Today the company is stable AIG afloat. Its net profit is about few billions of U.S. dollars. Despite this, the company is not abandoning its financial claims against the largest U.S. banks «Bank of America», which blames its huge losses during the 2008 crisis.
